

INTER-PROVINCIAL APPLICATION FORMS KNOW HOW For Girls and Guiders

Here are a few suggestions to help you and your girls or Guiders fulfill the necessary requirements if they are interested in applying this year:

1. Be sure your application is complete with all signatures, information requested and including the Health Form, make sure you fill in every line. If something on a form does not apply to you, mark in 'N/A'. All forms including reference form from outside of Guiding should be checked by the Contact Guider of the girl's or Guider's unit. She is to assemble them and give them to the Camp Adviser at least two weeks prior to the deadline who then will check them and send them to the Province. Any incomplete forms will not be accepted.
2. Check the age requirements
3. If you have any questions, ask the contact person, whose name is in the Newsletter.
4. Deadlines are strictly adhered to.
5. If you are selected as an alternate, you will be kept up to date with all camp correspondence.
6. Girls selected for this year will not qualify for Inter-provincial Camps the next year. They may apply again the second year. This does not include alternates.
7. Use black or blue ink or type the forms. Pencil is not acceptable.
8. Fill out a stamped self-addressed envelope with the address of your Contact Guider to include with IP form 3 (Inter-provincial Out of Guiding Reference Form) and give to the person filling out the Recommendation form for someone outside of Guiding. (you should also let this person know something of the event for which you are applying, for example, photocopy of the information in the Newsletter.)
9. Signatures of Unit Guider, Camping Adviser and Commissioner are not to be same person; otherwise applications will not be accepted.
10. Helpful Hint – Photocopy the application forms, practice on one copy then copy to the original. It is not necessary to fill out more than one set of forms if applying for more than one event.
