Welcome to Member Zone!

Good Afternoon,

Think of this website as a toolbox that holds the wide range of resources that you need in your Guiding pursuits. Here you have easy access to the documents you reference most often, such as *Safe Guide* and *Guiding Essentials*, as well as all the forms and reference documents that pertain to your role in Guiding.

this site is that it allows Girl Guides of Canada to post sensitive information that it would not be able to post on its more public site. You have access to your iMIS record and information about all sorts of events and initiatives that are going on within the organization. You also have access to many documents that were available on the public site, such as newsletters and FAQs.

As this site grows, there will be more discussion boards where you can share your thoughts and ideas with Guiders from coast to coast who are involved in similar activities and roles as you are.

Member Zone affords us an exciting opportunity to use technology to bridge the distances between us. Let's share our information and ideas so that we can build new Guiding friendships and continue to provide the best possible programs for girls across Canada.

My Profile: What can I change and how can I change it?

iMIS eSeries

iMIS is the membership database used by Girl Guides of Canada. iMIS is the database of Adult, Senior Branch and Girl Members. It is the Guiding membership tool and contains contact information and guiding activities for each Member.

In iMIS eSeries you can view a limited version of your profile, add girl years to your record, modify your contact information and access the discussion board. If you are a Unit Guider you can now run a roster for your unit by clicking the Unit Roster tab. Review your roster and send any changes needed to your iMIS input site. If your roster does not list all the girls in your unit, contact your iMIS input site so they can make the necessary changes for you.

Discussion Boards

We currently have a discussion board for all adult Members so that you can ask each other questions and share thoughts and ideas related to your position. As this site grows, we will be
