International Dress up Suitcase

This Dress Up Suitcase is for the Units to have fun with and to learn a little bit about other countries. As your girls try the clothes on, have them find the countries on a map. Try to figure out why some clothes have long sleeves and others do not. Look at the fabric of these outfits. Some are made of raw silk and cotton. These fabrics are very different from the silks and cottons that we have in this country. The colours are fantastic! We hope that you enjoy dressing up with this collection of clothes.

In this suitcase there are:

3 Caribbean skirts
